

TRANSFER OPPORTUNITIES

The Commission on Higher Education for the State of South Carolina coordinates postsecondary education in public-supported institutions, including policies and procedures for students and their course credits transferring among these institutions. The Commission's policies and procedures and Piedmont Technical College's transfer information follow. For more information regarding transfer, students may access on the internet the Commission's home page at www.che.sc.gov (<http://www.che.sc.gov/>) or Piedmont Technical College's home page at www.ptc.edu/transfer (<http://www.ptc.edu/transfer/>).

General Information

Piedmont Technical College's transfer opportunities can be the first step toward a four-year degree. The college strives to make transfer to a four-year university or college an attractive and barrier-free option for graduates.

The college offers two-year associate degrees in arts and sciences that allow students to smoothly transfer to all public universities in the state as well as many private colleges. This catalog's section on Arts and Sciences Curricula contains more information on these transfer opportunities. Special transfer opportunities are also available for students entering the Agriculture, Business, Cardiovascular Technology, Commercial Arts, Computer Technology, Criminal Justice, Early Care and Education, Engineering Technology, Human Services and Nursing programs.

Students wishing to transfer to senior institutions after completing their degrees at Piedmont Technical College should indicate this desire to their Academic Advisors in order to receive appropriate advisement. It is the student's responsibility to obtain a catalog from the four-year college or university that he/she plans to attend and to review the transfer policies of that institution. Students should also review the degree requirements carefully for the major they intend to complete at the senior institution. All four-year public senior institutions in South Carolina have transfer course equivalence guides for transfer students to use when scheduling courses from a technical college. These guides may be obtained directly from the senior institution, from the senior institution's website or from their academic advisor.

Secondary Articulation Agreements

Articulation agreements with school districts in the Piedmont Technical College service area allow the transfer of credits for students completing certain programs of study in high school upon entrance to Piedmont Technical College in the same program of study with certain conditions. Credits are issued based on the development and implementation of common course objectives for specified common courses. These correlation charts ensure accurate and accessible academic transfer of credits between the high school and the technical college in a specified program without additional cost in time or money to the student. The intent of these articulation agreements is to expand access to higher education for students through a uniform policy for the transfer of credit from high school to Piedmont Technical College under three conditions:

1. High school students must master the competencies listed on the curriculum correlation chart;
2. High school students must earn a grade of "B" or better; and
3. The high school instructor must recommend in writing students who have successfully completed course(s).

Through articulation, students may enter the technical college with pre-earned credit hours and complete their program of study at the technical college sooner. This opportunity is designed for students who are focused on their career and serious about their goal to complete the technical college program.

Transfer Policy for Public Two-Year and Four-Year Institutions in South Carolina South Carolina Transfer and Articulation Center (SCTRAC)

All two- and four-year public institutions will publish information related to course articulation and transfer, including but not limited to:

1. The institution's definition of a transfer student;
2. Requirements for admission both to the institution and, if more selective, requirements for admission to particular programs;
3. Institutional and, if more selective, programmatic maximums of course credits allowable in transfer;
4. Information about course equivalencies and transfer agreements.

All of which can be found on the South Carolina Transfer and Articulation Center website (www.SCTRAC.org (<http://www.sctrac.org/>)). Course equivalency information listing all courses accepted from each institution in the state (including the 86 courses in the Statewide Articulation Agreement) and their respective course equivalencies (including courses in the "free elective" category) will be made available on <http://www.sctrac.org/>. This course equivalency information will be updated as equivalencies are added or changed and will be reviewed annually for accuracy. Additionally, articulation agreements between public South Carolina institutions of higher education will be made available on www.SCTRAC.org (<http://www.sctrac.org/>), will be updated as articulation agreements are added or changed, and will be reviewed annually for accuracy. All other transfer information published on www.SCTRAC.org (<http://www.sctrac.org/>) will be reviewed at least annually and updated as needed.

Assurance of Transferability of Coursework Covered by the Transfer Policy

Coursework (i.e. individual courses, transfer blocks, and statewide agreements) covered within this transfer policy will be transferable if the student has completed the coursework with a "C" grade (2.0 on a 4.0 scale) or above. However, the transfer of grades does not relieve the student of the obligation to meet any GPA requirements or other admissions requirements of the institution or program to which application has been made. In addition, any four-year institution which has institutional or programmatic admissions requirements for transfer students with cumulative grade point averages (GPAs) higher than 2.0 on a 4.0 scale will apply such entrance requirements equally to transfer students from regionally accredited South Carolina public institutions regardless of whether students are transferring from a four-year or two-

year institution. Any coursework covered within this transfer policy will be transferable to any public institution without any additional fee and without any further encumbrance such as a “validation examination,” “placement examination/instrument,” “verification instrument,” or any other stricture, notwithstanding any institutional or system policy, procedure, or regulation to the contrary.

Statewide Articulation of 86 Courses

The Statewide Articulation Agreement of 86 courses approved by the South Carolina Commission on Higher Education for transfer from two- to four-year public institutions is applicable to all public institutions, including two-year institutions and institutions within the same system. In instances where an institution does not have courses synonymous to ones on this list, it will identify comparable courses or course categories for acceptance of general education courses on the statewide list. This list of courses is available online at www.che.sc.gov (<http://www.che.sc.gov/>) as well as on [www.SCTRAC.org](http://www.sctrac.org) (<http://www.sctrac.org/>).

The S.C. Commission on Higher Education's Transfer Policy states that these courses are approved to transfer to any senior public institution in the state. Many private colleges in the state also accept them. All students should confirm with the receiving college their planned transfer curriculum.

Note: Individual college transfer guidelines list other courses that are approved for transfer besides those that are listed on CHE's transfer list.
