

EMBALMER'S CERTIFICATE - FSE6

This academic program is designed to meet specific state or professional needs. It is not accredited by the American Board of Funeral Service Education. Students graduating from this program are not eligible to take the National Board Examination, or any state board examination for which graduation from an ABFSE accredited program is required.

This certificate is designed for individuals working in South Carolina. If you live in another state, please check with your state funeral board to see if this certificate will meet their requirements.

In order to complete the Embalmer's Certificate, you must provide proof that you are currently working at a funeral home. Your practicum portion will be completed under the direct supervision of the licensed embalmer at the funeral home. Therefore, we must have confirmation from the owner/manager granting you permission to complete your ten (10) practicum cases at the location.

If your practicum is conducted in South Carolina, a student embalmer's permit from the SC LLR Funeral Board is required.

Contact the FSE department for full details and start times.

Advising Information

The following information provides a guide for advisors who are helping students enroll in this program.

Students pursuing the Embalmer's Certificate should contact the Funeral Service Department or their academic advisor.

Program Notes

This academic program is designed to meet specific state or professional needs. It is not accredited by the American Board of Funeral Service Education. Students graduating from this program are not eligible to take the National Board Examination, or any state board examination for which graduation from an ABFSE accredited program is required.

The courses in this program will prepare students to take the SC Embalmer's Exam. Other states may accept this certificate. Potential

students should check with the state where they're interested in working before enrolling.

If placement test scores determine that a student is not ready to take college-level courses, he or she should enroll in the appropriate developmental or transitional coursework. All of these prerequisite courses may not be available online.

Excellent reading comprehension, communication and critical thinking skills are vital for program success and for passing any State Examining Board licensing exams.

FSE students must complete all General Education and FSE courses with grades of "C" or better. Students may repeat FSE courses one time to achieve a grade of "C" or better.

All transfer courses from another mortuary college will need to be approved by the PTC Funeral Service Education department.

Students will not be registered into any FSE courses within 10 business days of the start of any semester, unless all their paperwork is complete.

Students must be actively working in a funeral home in order to complete their required ten embalming cases at that funeral home location.

Students must also have completed their apprenticeship, or be in the process of completing their apprenticeship, in order to take the South Carolina Embalmer's Exam. For full information, call (864) 941-8774.

Program Purpose Statement

The purpose of the Funeral Service Education Embalmer's Certificate is to educate and prepare individuals not only to contribute to the funeral service profession, but also to the community in which they serve. We strive to give the students the knowledge, principles and skills essential to become an embalmer.

Program Student Learning Outcomes

1. Identify standards of ethical conduct in funeral service practice.
2. Interpret how federal, state, and local laws apply to funeral service in order to ensure compliance.
3. Apply principles of public health and safety in the handling and preparation of human remains.
4. Demonstrate technical skills in embalming and restorative art that are necessary for the preparation and handling of human remains.
5. Demonstrate verbal and written communication skills and research skills needed for funeral service practice.
