

MEDICAL ASSISTING CURRICULA

Medical Assistants greet patients, prepare them for exams and perform routine clinical tasks like taking patient history, collecting vital signs, and more. They also often help with the administrative tasks of running an office: answering phones, making appointments, computer and paperwork.

Credentials

Diplomas

- Medical Assisting, D.A.S. (<https://catalog.ptc.edu/academic-programs/health-care-division/medical-assisting-curricula/medical-assisting-das/>)
