LIBRARY AND LEARNING RESOURCES

At all locations of Piedmont Technical College, traditional library services are blended with print and online academic resources to provide centralized support centers where students can read, study, conduct research, and complete assignments. Whether students are working in the library and computer lab on the Greenwood campus, in a Learning Resource Center on one of the county campuses or at home online, they have access to high-quality information and technology. In addition, staff members are available both in person and remotely to help students succeed.

Marion P. Carnell Library and Learning Resources

Phone: 864-941-8441 (Greenwood campus)

Homepage: https://www.ptc.edu/library

The Marion P. Carnell Library on the Greenwood campus and the Learning Resource Centers on the county campuses provide access to academic resources such as print books, electronic books, article databases, streaming media, print periodicals, and audiovisual materials. The Library is located on the second floor of the K Building on the Greenwood campus. Off-campus access to library electronic collections and the library catalog are available 24/7.

Borrowing Library Materials

Students may borrow materials not only from the Library and the Learning Resource Centers, but also from other South Carolina academic libraries through PASCAL Delivers. A college identification card is required to check out materials.

Research & Tutor Assistance

Students can request assistance via 24/7 Ask-a-Librarian chat, phone, email, or in-person. Also, Research Guides for certain classes can be found at https://ptc.libguides.com/. A Tutoring Center and a Writing Center are also housed in the Library. For assistance with tutoring, check https://www.ptc.edu/college-resources/academic-resources/tutoring. For assistance with writing, dial 864-941-8336 or email writingcenter@ptc.edu.

Study Rooms, Furniture and Space

Four study rooms furnished with white boards are available for individual or group studying at the main Library. Each Learning Resource Center also offers space for study and research.

Computer Lab and Technology

There is a computer lab in the main Library. Each Learning Resource Center also is equipped with high-speed internet, Microsoft Office applications and printing services. Free Wi-Fi is accessible on all campuses.

Recommendations

Our library staff is always happy to help you with any of your needs. We continue to improve our services and welcome your suggestions.
